

Symbol Library Documentation

This project uses standard KiCad symbol libraries for all schematic components. No custom symbols were created because all required components were already available in the verified KiCad standard libraries.

Reference	Component	Symbol Source
U1	STM32G431KBTx MCU	Standard KiCad Library
J1	USB Type-C Connector	Standard KiCad Library
J2	SWD Header	Standard KiCad Library
J3	I2C Header	Standard KiCad Library
J4	UART Header	Standard KiCad Library
R1-R5	Resistors	Standard KiCad Library
C1-C2	Capacitors	Standard KiCad Library
D1	LED	Standard KiCad Library
